Owner: _____ Phone #: _____

Occupant, if different: _____ Phone #: _____

Owner's Current Address: _____ Bill To: _____ Owner

City, State, Zip: _____ _____ Occupant, if different

- * All taps to the water mains & installation of meter pit boxes shall be executed by the Water District or its designated agent or contractor only.
- * All meters shall be set & connections to the District's meter pit box shall be made by a plumber licensed by the State of Illinois. The District Manager shall be notified twenty-four (24) hours in advance to inspect & approve such work prior to back-filling.
- * The Water District shall own & maintain the meter pit & meter. The property owner shall own & maintain the service line from the District's meter pit box to the building served.
- * The District reserves the right to enter, at any time, onto private property to inspect the water line & to direct the owner to make necessary repairs or maintenance.
- * The person obtaining water service, at his/her own expense, shall install a service line from the District's meter pit box to the building to be served in conformance with the specifications of the Water District Code. All such work by the person obtaining the water service shall be completed by a plumber licensed by the State of Illinois & observed by the District's General Manager or some person authorized by him/her to perform this service.
- * No connection with a District meter pit box shall be made without a permit having been issued & twenty-four (24) hours notice having been given to the District Manager. All such connections shall be made, all materials used and all such work done shall be at the expense of the applicant. No such connections shall be covered until the work has been observed by the District's Engineer, Licensed Water Operator, General Manager or some other person authorized by him/her to perform this service.
- * Application must be accompanied by a survey or rough sketch of the property and proposed service and proof of ownership.
- * The Village of Godley and others may require a permit for the work.
- * See Fee Schedule attached hereto and made a part thereof.

• Deposit to secure payment of bills.....	\$54.00
• Connection fee (set meter in existing meter pit).....	\$500.00
• Connection fee (tap main & install meter pit).....	\$3,400.00

The requestor should note it may take several weeks for the Water District to set the meter if new tap of the water main is required & new meter pit must be installed. This work shall not commence until the \$3,100.00 portion of the connection fee is received by the Water District.
